

Carpenter's Helper/Framer

Apply today at jobs@cvportable.com quoting the name **Carpenter's Helper/General Labour** in the subject line.

C&V operates in a controlled environment at an indoor facility. Weather does not affect our production schedules. We continue working come rain, snow, or sun.

Health and dental benefits would apply to employment beyond 3 months and all employees employed 9 months or longer qualify for the Apprenticeship program.

Established in 1977, C&V has grown to become one of Alberta's **leaders** in the portable accommodations industry supplying a variety of modular based building solutions throughout Western Canada. C&V has a broad customer base of exploration and production companies and has distinguished itself as a provider of choice with over 35 years of operating experience. C&V has a long track record of **innovation** in the industry and services some of the largest companies in Canada with a notable rental fleet and custom built modular buildings. With its head office and manufacturing facilities located in Calgary; and service centre in Grande Prairie, C&V is able to service its customers across Western Canada.

If you are the successful candidate you will have an opportunity to work in a collaborative environment where each member contributes to providing winning solutions to our clients. We believe in promoting our employee's personal and career growth and encourage creativity and innovation which creates an environment of success for our company and our clients.

Major Responsibilities:

- Complete custom fabrication of modular units at the shop.
